Varietals: 100% Chardonnay  
Winemaker: Bernard Delmas

A very aromatic Chardonnay from the Limoux area in southern France. Bright, stony fruit flavors of green apple and citrus enhanced by characteristic mineral undertones typical of Limoux wines. The finish is clean and crisp. Amazingly fresh and well balanced Very well made wine at an irresistible price.

Bernard Delmas is a robust and bald man with a big smile and the rocky accent of the Pyrénées. For several decades he has developed his talents on his small family property in the village of Antugnac, south of Limoux and the fabled city of Carcassonne, home to the Cathars. A keen observer of nature and astute winemaker, Bernard produces exceptional wines made from Chardonnay, Mauzac and recently Pinot Noir. With an unrelenting desire to improve on his creations, he comes up every year with remarkable innovations. This Chardonnay from the South of France is a winner and can easily compare with wines twice as expensive!
