As an everyday wine, this southern style red has enough pep and character to keep you interested. Hints of herbs (Laurel and Thyme) remind you of its Rhône origin.

Jacques Frelin is one of the central figures of the French Organic Wine movement. For more than thirty years he has brought his expertise as a vinegrower, a winemaker, a wine trader to countless meetings, associations, regulatory bodies and the like. Without his patience and dedication we might not have finalized yet the rules that govern our industry. We rely on him to provide us with an array of wines, from the simple and straightforward to the grandiose. We know we can count on impeccable quality and great value...together with a great smile!
