Varietals: 100% Merlot
Winemaker: Pascal and Thierry Julien

Mas de Janiny has accustomed us to powerful and interesting wines. This Merlot is mouth filling and seductive. A contained use of oak barrels adds smoothness to an otherwise tannic and intense product due to the low yields and high concentration.

The brothers Julien make some serious wines: the whole range of Mas de Janiny wines attests to their "savoir-faire" in the winemaking area! They create single varietal wines: Cabernet Sauvignon, Merlot, Syrah and even Carignane as well as classic blends with their Famille de Janiny. You would not expect to find such creative minds in the remote village of St Bauzille de la Sylve, in the heart of Languedoc! However when you try this Merlot you will discover that a classic varietal like this one can have unexpected and colorful interpretations.
